NEW SET MINING LAWS BADLY NEEDED

"SO COMPLICATED THAT THE BEST OF BRAINS CANNOT TELL WHAT LAW IS"

(By Associated Press.)
WASHINGTON, Dec. 17.—Secretary Lane in his forthcoming annual report speaks of the necessity for a new set of mining laws. "The old code," he says, "is no elaborate and complicated that the best of brains cannot tell what the law is. The truth seems to be that between mining engineers and mining lawyers the rules of the game have been refined into obscurity; and if congress were to say to the president that he might select three men familiar with mining laws and miners' difficulties to suggest a new mining code to congress, it would, I believe, be giving in earnest a new freedom to the mining industry."

WILL BRING PAPPAS BACK

Bill Pappas, who is now doing time in the state prison on conviction of assault with intent to kill, will be brought back to Tonopah for a second trial, which was recently granted. Judge Averill yesterday afternoon made an order directing Sheriff Slavin to bring Pappas from the penitentiary and incarcerate him in the county jail pending the second trial.

OWN VINE AND ROOFTREE

Mr. and Mrs. George Ross have occupied their new home on Prospect street. They purchased the C. M. McGinnis house and remodeled it so that it possesses both beauty and comfort.

BERLIN UNIVERSITY HAS ROLE OF HONOR

(By Associated Press.)
BERLIN, Dec. 17.—At the University of Berlin the roll of honor of its students and professors who have fallen in the present war already covers three large black boards which are surrounded by laurel wreaths, in the main lobby of the central building. These tablets contain the names of eight professors and lecturers, one official, and not less than 241 students. Among the latter are thirty-two students of theology, fifty of law, twenty-seven of medicine, and 123 of various branches of the philosophical department.

TUSCARORA ABOUT TO SHOW ACTIVITY

MINES, MILLS, POWER PLANTS AND WATER RIGHTS TAKEN UNDER LEASE

That Tuscarora is about to enter a period of mining activity, equaled only by her palmy days when she gave to the world millions of dollars from her treasure vaults, now seems a certainty. The old camp is coming back and will again be listed among the active producers. Again the hoists will raise rich ore from the bowels of the earth, mill whistles will announce the noon hour, and the old familiar sight of hundreds of miners with lunch buckets in hand, will gladden the hearts of those who have clung to the camp in its years of adversity, says the Independent.

Tuscarora is to be rejuvenated. The words seem almost too good to be true, but true they are. Already the quickening pulse of a new life is felt, and this will be the merriest Christmas in the old camp in many years.

Today there was filed with the county recorder a lease, given by H. S. Hoskins, as receiver of the Tuscarora Mines Co., to James E. Harrington, for the Holden Smelting and Milling company, on all the property in and near Tuscarora belonging to the first mentioned company, for a period of ten years, or until August 1, 1925. Included in this lease are all water rights, power plants, transmission lines, etc., as well as mining property, machinery, etc.

OPENING SILVER PROPERTY NEAR OLD CAMP OF BRISTOL

John Whipple, rancher and stockman of Sunnyside, recently secured a lease on the Horn Silver Mining property near the camp of Bristol in Lincoln county, and is now taking out ore averaging 260 ounces silver per ton, of which he has a carload ready for shipment. Mr. Whipple originally located the property about ten years ago and later sold it to Scotch people, who, after doing considerable development work, became discouraged and laid down, but still kept up their annual labor on the claims. Recently Mr. Whipple was fortunate enough to secure a lease on the property, and now has a force of men at work taking out ore. The values occur in the form of horn silver, bromides and chlorides, and

is free from any other metals. Aside from the rich ore there is a large vein which will average from 13 to 14 ounces in silver which Mr. Whipple believes would offer a splendid field for leaching or cyaniding. The ore now being taken out will be shipped to Salt Lake smelters via Pioche.—Pioche Record.

All toys, games, dolls and similar lines of holiday goods will be closed out at from 25 to 50 per cent off. Splendid new novelties for gifts. Rotholz Bros. See us. —Adv. 9124

WAR ON RABBITS

Even the poor little jack rabbit is named in the new war against all noxious animals within this state. The agricultural department has supplied the farmers throughout the state with information as to how to exterminate the rabbits. The department suggests a ration of poisoned alfalfa hay as an effective antidote to the ravages of the pest.
